

POWER SOLUTIONS

All generating units are self-contained in an all weather acoustic housing, and have internal fuel tanks which provide a minimum of 8 hours operation at full electrical rated load - for longer non-attended operational periods we can provide a separate bulk fuel tank.

SERVICE AND SUPPORT

Power hire generators have full backup and support service. Our team of highly qualified service engineers and technicians provide a [acheter viagra](#) wide range of specialist skills and have a reputation for quality workman-ship.

This 24 hour, 7 Days-a-week service operates from a dedicated service number, which gives you service, anywhere, anytime.
